

***RNA Innovation Seminar  
Monday, October 2nd at 3:00pm  
ABC Seminar rooms, Biomedical Research  
Science Building (BSRB), 109 Zina Pitcher***

**[Katsuo Kurabayashi, Ph.D.](#)**

Professor of Mechanical Engineering, Electrical Engineering and Computer Science, and Macromolecular Sciences and Engineering

***“A versatile toolbox for droplet-based single-cell mRNA sequencing”***

This talk will be focused on engineering and technology enabling single-cell study.
