

RNA Innovation Seminar

Monday, February 4th at 3:00pm

ABC Seminar rooms, Biomedical Research Science Building (BSRB), 109 Zina Pitcher

Brittany Morgan, PhD
May-Walt Life Sciences Fellow
[Anna Mapp Lab](#)

“Rational Approaches to Design and Synthesize RNA-Biased Small Molecule Libraries”

Keywords: R-BIND, Cheminformatics, Chemical Probes, Molecular Recognition, Small Molecule Synthesis

This talk will be based on her PhD research with Prof. Amanda Hargrove at Duke:
