ACCELERATING THE PATH TO NEW MEDICINES

Peter Toogood, Ph.D., Director, Michigan Drug Discovery
Andy Alt, Ph.D., Director, Center for Chemical Genomics

**Join us to consider collaborations
with Michigan Drug Discovery
and the Center for Chemical Genomics!**

Michigan Drug Discovery and the Center for Chemical Genomics partner with University of Michigan researchers to accelerate drug discovery by identifying, funding and guiding the most promising projects across the University. Seminar participants will be invited to explore possible partnerships and collaborations with Michigan Drug Discovery.
